English

COURSE DATE

September 13-14, 2019

51. International Applied Laparoscopic Urology Course has been credited with 10 credits by EU-ACCME

Committees

Course Presidents:

Yasar Ozgok (TR)
Viorel Jinga, (RO)
Dan Badescu (RO)

International Course Coordinator:

Ali Serdar Gozen (DE)

Course Secretaries:

Yigit Akin (TR)
Claudiu Codoiu (RO)

Participations

Groups of 10 trainees each

2 trainees will be at each hands-on laparoscopy course set in wet laboratory

2 trainees will be at each hands-on laparoscopy course set in dry laboratory

Invitation

Dear Colleagues,

It is our privilege to announce the 51st International Applied Laparoscopic Urology Course.

The Course and Symposium focus on current training trends and validated training programs of EAU in laparoscopy and Endo-Urology. The main aim of this course is to present the new techniques in minimally invasive urology and Endo-Urology and to mark the impact of the training. Live surgery sessions, wet laboratory and dry laboratory sessions will cover the main parts of this course.

Participants will be able to meet the experts and train in the world's best-known programs.

Leading international experts from Romania, Turkey, Greece and Germany will present laparoscopic and endoscopic approaches, including tips and tricks and inform you about current developments in these fields.

We are delighted to welcome you in this course and believe it will be beneficial for your daily clinical practice.

The Course Presidents
